Scandalous, scandalous, you the type of girl that I want
my baby
Scandalous, scandalous, you my baby girl

You the kind of girl make me feel like baby
I wanna do you anywhere anytime baby
now tell me how you want me to rock that body
cause I can be on top, on the side then go down
I you wanna know my story, take your clothes off baby
Let's do it until the morning girl

Scandalous, scandalous, you the type of girl that I want
my baby
Scandalous, scandalous, you my baby girl

Have you ever been in that situation baby
Adrenaline melt with the melanine baby
I'm gonna lick every single part of your body
Can you feel it? Ain't no damn doobt about it
I you wanna know my story
Let's do it until the morning girl

Scandalous, scandalous, you the type of girl that I want
my baby
Scandalous, scandalous, you my baby girl

U and I, for a night, that you gonna remember for ever
yeah, scandalous, yeah, you so

Scandalous, scandalous, you the type of girl that I want
my baby
Scandalous, scandalous, you my baby girl
