Can I hit you on the washing machine?  
Gently, Iâ'm not a fiend  
But u know the way u rock me slowly  
Â...I always feel horny  
Can hit u on my balconny?  
Nightly, or if itâ's cool daily  
Iâ've never been crazy like this  
Â...but girl you will feel this

How do you like it baby  
How do you like it baby

If you feel like, kissing me  
Dancing with me, effinâ' with me, riding me  
If you feel like, in love with me  
Itâ's the concept, the concept

Can I hit you in the bathtub?  
Bubblinâ', givinâ' you wet hugs  
I know a way to make you come surely  
kinda raw, but itâ's me shorty  
Can I hit you on the sms?  
Digital, sendinâ' you a s.o.s  
When Iâ'm away, I wanna feel right here  
Â...so girl you have no fear

I know this is your first time  
But itâ's gonna be allright

If you feel like, kissing me  
Dancing with me, effinâ' with me, riding me  
If you feel like, in love with me  
Itâ's the concept, the concept

ouh oui girl, I know this is the right time  
for u and me,  
I love u girl
