VERSE1:

I can change somethings.
But I just can't change my mind about this.
I can change the style and color of my hair.
I can wear only baby, what you want me to wear.
And when you look at other women I can act all
unaware.
And when you hurt my feelings I can act like I don't
care.

CHORUS:

But I can't make you love me.
I-I just can't make you love me.
I can't make you loove me.
How can I make you love me?

VERSE 2: I can even sit you down
