I'm not easily impressed but you got me fucked up  
You easily killing these dudes they got you fucked up  
You got your own dollars, Pesos  
You traveling the world, gyros

Boy, you so bad  
I ain't never, I ain't never, never had  
Someone who treats me like you do

And now I want you forever  
I want it forever, forever  
'Cause boy, there's no one in the world  
I'd rather give my life to but you

I'm not easily impressed but you got me fucked up  
If this is as good as it gets then, baby, I lucked up  
You ain't like them other fellas, Negros  
You down to come and save me, hero

Boy, you so bad  
I ain't never, I ain't never, never had  
Someone who treats me like you do

And now I want you forever  
I want it forever, forever  
'Cause boy, there's no one in the world  
I'd rather give my life to but you
