You don't ever wear that good cologne, no
Tell me why the hell you put that on, that on
Tell me who you tryna impress
You ain't even noticed me in your favorite dress

Why you keep blowing up my phone?
Tryna make sure that I'm still home
Tell me what you doin baby
The heart never lies
It's all in your stride
Before it gets too far
Tell me what you doin
'Cause you don't stroke it like you used to, do it like
you used to do it
Ain't got me moaning like you used to, own it like you
used to own it

See, I did been through this before (been through this
before)
And I ain't going back no more (going back no more)
Before I'm headin out the door (Headin out the door)
Get it right or you can't love me

Now I'm back to the favorite dress
Since when it don't make you want the sex, the sex
Does she look like? Let's guess, shit no
And now you're givin her all those dresses you give to
me

Baby why you keep blowing up my phone?
Tryna make sure that I'm still home
Tell me what you doin baby
The heart never lies
It's all in your stride
Before it gets too far
Tell me what you doin
'Cause you don't stroke it like you used to, do it like
you used to do it
Ain't got me moaning like you used to, own it like you
used to own it

See, I did been through this before (been through this before)
And I ain't going back no more (going back no more)
Before I'm headin out the door (Headin out the door)
Get it right or you can't love me

Get it right, get it right, get it right
Get it right, get it right, get it right
Get it right, get it right, get it right
(If you wanna love me again, get it right)
Get it right, get it right, get it right

Â'Cause you don't stroke it like you used to, do it like you used to do it (no you don't)
Ain't got me moaning like you used to, own it like you used to own it
(Got me thinking Â'bout quitting all night long)

See, I did been through this before (been through this before)
And I ain't going back no more (going back no more)
Before I'm headin out the door (Headin out the door)
Get it right or you can't love me

Â'Cause you don't stroke it like you used to, do it like you used to do it (do you hear me baby?)
Ain't got me moaning like you used to, own it like you used to own it (no, you don't get it)

See, I did been through this before (been through this before)
And I ain't going back no more (going back no more)
Before I'm headin out the door (Headin out the door)
Get it right or you can't love me (no more)
