[Verse 1:]

I know where I went wrong when I loved you more than I
loved myself.

I would have done anything for you.

(Aye, aye, aye, aye)

And I learned when I realized you didn't love me the
way that I loved you but now I know.

It's hurts inside.

(Aye, aye, aye, aye)

Aye, Aye, aye.

[Chorus:]

Got to get my heart back to the way it used to love.

The way it used to be.

And the way it used to feel.

Before I fell in love.

Fell in love wit you. (Aye)

Got to get my heart back to the way it used to love.

(Aye)

The way it used to be.

And the way it used to feel. (The way it)

Before I fell in love.

Fell in love wit you.

[Verse 2:]

All I want is true love.

Couldn't tolerate no more loving someone who couldn't
learn to love somebody else.

That's why my heart ain't been the same.

Aye, Aye.

I see right now where it's heading down.

The same road I've seen before.

But no one told me that it would hurt this way.

And my life wouldn't be the same.

That's why I got to get my heart back to...

[Chorus:]

Got to get my heart back to the way it used to love. (The
way it used to love)

The way it used to be. (The way it used to be)

And the way it used to feel. (The way it used to feel
before I)

Before I fell in love.

Fell in love with you.

[Bridge:]

You ain't gotta lie.

You see me lookin fly.

You want me on your arm.

Well I ain't got the time.

I've seen it all baby.

I've been around the world and it's a cold game
everywhere around the world.

I've seen n****s get crossed up cuz they the realist.

And all the realist n****s in the
streets ain't got no feelings.

It comes from being neglected and I'm so alone.

I'm in my own zone tryna get my heart back.

[Chorus:]

Got to get my heart back to the way it used to love.

(Tryna get me heart back, hey)

The way it used to be. (The way it)

And the way it used to feel. (And the way it used to fell
before I, aye)

Before I fell in love.

Fell in love wit you. (With you)

Got to get my heart back to the way it used to love. (I'm
tryna get my heart, aye)

The way it used to be. (Can you understand)

And the way it used to feel. (How it used to be before I,
hey)

Before I fell in love.

Fell in love wit you. (Oh)

The way I used to love baby.

The way I used to be baby.

The way I used to feel baby.

Before I fell in love baby.

The way I used to love baby.

The way I used to be baby.

The way I used to feel baby.

Before I fell in love baby.
