I'm hit me, cause I'm not tripping,  
I know I'll make the right decision,  
Yep, I'm gonna get this up on my head,  
Feel me, no trouble sleeping,  
No more tears dropped, she said!  
I'm gonna look at your pictures,  
Remember your number,  
And I'll sleep in like a baby!  
Cause this aint nothing,  
That I can't handle,  
I'm a light this candle,  
And let it burn! Yeah!

Chorus:

And I can seeso clearly,  
Aint no reason why you all are being  
Last call, call me if you hear me!  
Cause I already know the truth, this is the:  
Last hangover, over!  
Last hangover, over!  
Last hangover, over!  
I told myself that I wouldn't do it no more!  
I'm gonna take you to the  
I'm gonna take you to the  
I'm gone!  
If you wanna  
I'm gonna take you to the  
I'm gonna take you to the  
If you wanna

I'm doing everything I can, just to get you of my head,  
Cause everything you did, it wasn't enough for you.  
Give you everything I had,  
Everything I had to give,  
Until I found I gave you more than enough!  
Every time I give to you,  
You take away for me,  
And that aint the way it's supposed to be!

I'll do everything in my power, to get back my power,  
And maybe tomorrow, I can see more clearly!

Chorus:  
And I can see so clearly,  
Aint no reason why you all are being  
Last call, call me if you hear me!  
Oh, this is my:  
Last hangover, over!  
Last hangover, over!  
I'm so over you!  
Last hangover, over!  
Told myself that I wouldn't do it no more!  
I told myself that I wouldn't do it no more!  
I'm gonna take you to the  
I'm gonna take you to the  
Oh, this is the last time!  
I'm gonna take you to the

Baby,  
Baby it took your from zero to set the figures.  
Are you trying to tell me that I'm the one who always  
started?  
Are you trying to tell me that I'm the one who broken  
hearted?  
I fifty-fifty in this

I'm the one who got grey hair,  
I shouldn't be considered the traitor.

Chorus:  
Last hangover, over!  
Last hangover, over!  
It's my last hangover!  
I told myself that I wouldn't do it no more!  
I'm gonna take you to the  
I'm gonna take you to the
