Tryin not to... love wait it down

The thing about relationships is the song that you
made

You gotta give a little just to get em back of me yeah
Don't be... impatient but I'm not the one who...
I'm a simple girl and I don't ask for much just give me
what I need

I wanna go home

The way the share my love with you is...

Than a little time with you... breathe yeah

I'm talking bout ohh more than just a thousand roses
with the... kiss

Gotta put your heart in it before you go picking your...

... put your hands on me

You get the... will tell me what you dance on me

I'm ready for the... I'm holding back

Open up my heart to be forgiven and say right through
your dirt

But you gotta willin your push size to... with me first

Don't listen to nobody else

Just know that I'll be... to the sacrifice I've made

I wanna go home

They way you share my love with you is more a little
time of you to breathe yeah

I'm talking about ooh

I'm more than just a dozen roses with the... kiss

Gotta out your heart in it before you...

... tell me what your place gonna be

I'm really for the... baby 'cause I swear it won't stop
holding back

I'm not tryin confuse you do what you want to

All I'm tryin to say it is don't hold

Because it only comes once in a lifetime let's make it a
loss

Happen baby baby it's a given love and chance

You stay and how feel for you I want you to know before
you go
