Im a take this bottle to bed with me cause Im not tripping,  
I know Ill make the right decision,  
Yep, Im gonna get this up on my head,  
Feel me, no trouble sleeping,  
No more tears drops on my sheet set  
Im won't look at your pictures,  
Remember your number,  
And Ill sleep in like a baby!  
Cause this aint nothing,  
That I cant handle,  
Im a light this candle,  
And let it burn! Yeah!

Chorus:

And I can see ever so clearly,  
Aint no easy way over you, no  
last call, holla if you hear me!  
Cause I already know the truth , this is the:  
Last hangover, over!  
Last hangover, over!  
It's my Last hangover, over!  
I told myself that I wouldnt do it no more!  
Im a take it to the head  
Im a take one to the head  
Im gone!  
(Think I might a just  
Think I wanna just)  
Take it to the head  
Im a take one to the head  
I'm gone  
(Think I might a just  
Think I wanna just)

I'll do everything it takes, just to get you out my head,  
Cause everything you did, it wasnt enough for you.  
Gave you everything I had,  
Everything I had to give,  
Until I found I gave you more than enough!  
Every time I give to you,  
You take away from me,  
And that aint the way its supposed to be!

Ill do everything in my power, to get back my power,  
And maybe tomorrow, I can see more clearly!

Chorus:

And I can see ever so clearly,  
Aint no easy way over you, no  
last call, holla if you hear me!  
Cause I already know the truth , this is the:  
Last hangover, over!  
Last hangover, over!  
It's my Last hangover, over!  
I told myself that I wouldnt do it no more!  
Im a take it to the head  
Im a take one to the head  
Im gone!  
(Think I might a just  
Think I wanna just)  
Take it to the head  
Im a take one to the head  
I'm gone  
(Think I might a just  
Think I wanna just)

Baby, why you trippin on a nigga nigga?  
Baby, took you from zero to seven figures.  
Are you trying to tell me that Im the one who always  
start it?  
Are you trying to tell me that Im the one who leave you  
broken  
hearted?  
I think it's fifty-fifty in this thang  
If I done something to you, you done the same  
It should be no pointin fingers  
Im the one who got grey hair,  
I shouldnt be considered the drinker.

Chorus:

Last hangover, over!  
Last hangover, over!  
It's my Last hangover, over!  
I told myself that I wouldnt do it no more!  
Im a take it to the head  
Im a take one to the head  
Im gone!  
(Think I might a just  
Think I wanna just)  
Take it to the head  
Im a take one to the head  
I'm gone  
(Think I might a just  
Think I wanna just)
