Monica: Look..If he loves You, he need to show You-- that he loves You

Keyshia: I just feel Like

[Verse 1-Keyshia]

Let me be the one who can take you from all the things
you've seen

And if you trust in me I can be there for anything you
need

Give it all to me, baby

Don't you run from me, baby

I'll give you every little piece of me

No, I won't leave out a thing

Cause I know

[Chorus]

I know you've seen a lot of things in your life
It got you feeling like this can't be right
But, I won't hurt you; I'm down for you baby (I know
you've seen a lot of things)
I know you've seen a lot of things in your life
It got you feeling like this can't be right
But, I won't hurt you; I'm down for you baby (I'm down
for You baby)

[Verse 2-Monica]

Let me show you, love can be easy
If you just let it be (If You let it be)
Nothing is promised, but I believe it
If you give it everything (TRUST)
And I'll give you everything that I've got (I Got)
And I won't stop until you get it right (right)
All the trust (trust), and all the love (the love)
You know we got a lot baby

[Chorus - Monica Ad-lib]

I know you've seen a lot of things in your life (Your life)
It got you feeling like this can't be right (baby)
But, I won't hurt you; I'm down for you baby
I know you've seen a lot of things in your life
It got you feeling like this can't be right
But, I won't hurt you; I'm down for you baby
(I'm down for You Baby, Baby, Baby)

[Bridge-Keyshia & Monica]

I trust you.
I love you.
I want you.
I need you.
Baby, I breathe you.
Never leave you.
Life wouldn't be the same without you.
I trust you.
And I love you.
And I want you.
And I need you.
Baby, I breathe you.
Never leave you.
Life wouldn't be the same without you.

Keyshia & Monica: NO!

[Chorus]

I know you've seen a lot of things in your life.
It got you feeling like this can't be right.
But, I won't hurt you; I'm down for you baby.
I know you've seen a lot of things in your life.

It got you feeling like this can't be right.
But, I won't hurt you; I'm down for you baby.
