Ooohhh Ohhhh Ooohh Ooohhhhh

You had a way of making me laugh when I didn't wanna smile, that made me listen and any questions I may have had you would give the perfect answer ohhh you had a way to giving me the simple things I was missing all my friends said you would change on me now I know what they mean

Im better off being by myself alone hate it when u call my phone telling me you care but I don't feel the same baby I told you once boy you treat me wrong sorry you didn't catch on to what my heart was feeling next time pay attention

[Chorus]

Seems like everytime im looking into your eyes I can tell what you want from me another chance I cant find love aint here no more we've already said goodbyes you never admitted your wrong to me and now we look time to try love aint here no more

Im not at all better but I knew I had to make the decision (it was wrong) too late to ask.....
Get away, something I had to do to you love I aint been missing and my spirit is so proud of me that house that wasn't a home

Im better off being by myself alone hate it when u call my phone telling me you care but I don't feel the same I told you once boy you treat me wrong sorry you didn't catch on to what my heart was feeling next time pay attention

[Chorus]

Seems like everytime im looking into your eyes I can tell what you want from me another chance I cant find love aint here no more we've already said goodbyes you never admitted your wrong to me and now we look time to try love aint here no more

Hold on to memories just coz my heart chained on me
that cant find somebody to take my place lovers come
and lovers go you wanna share how you feel that was
then and this is now how could you love me still

[Chorus Until Music Fades]
seems like everytime im looking into your eyes I can
tell what you want from me another chance I cant find
love aint here no more we've already said goodbyes
you never admitted your wrong to me and now we look
time to try love aint here no more
