Can you hear me

Verse 1:

Too hot to just stay,

Ain't gonna let you go baby,

Why don't we dance slow,

Take me away from here,

I don't see nobody else here but you,

Don't worry about nobody else baby, 'cuz they ain't  
worried 'bout you,

Just work with my body,

Put that thing on me,

See there ain't no other man...

Bridge:

Ain't no other man stole my heart the way you do,

Ain't no other girl livin' who'd love you like I could.

Chorus:

Hey, eh,

Hey, eh,

Alright,

Hey, eh,

Hey, eh,

He-e-ey,

Verse Two:

So that's why I wanna push up, up on ya,

'Cuz I'd be a fool to pass up, up on ya,

So give me your lovin',

I wanna get to know ya,

Be my baby,

'Cuz ain't no other man loved me the way you do.

See there ain't no other man...

Bridge:

Ain't no other man stole my heart the way you do,

Ain't no other girl livin' who'd love you like I could.

[No Other featuring Amina Harris Lyrics On ]

Chorus:

Hey, eh,

Hey, eh,

Hey, ehh,  
Hey, ehh,  
E-e-ehh,  
Ain't no other man stole my heart the way you do,  
Ain't no other girl livin' who'd love you like I could.

Verse 3: (Amina Harris Rap)

So don't hold back,  
Let's live the story,  
Oh how I adore thee,  
Oh how you adore me,  
You're just right,  
My type, my type,  
I like hard to run,  
But in this case, you are for me,  
I could never bore you,  
You could never bore me,  
If I was ya shawty,  
I could be, I should be ya shawty,  
My love is genuine, relevant,  
No heartbeat, so put it on me,  
Go off at your own speed,  
You can make it shine on the days that are stormy,  
Little body heat, rubbin' warm feet, now we go from  
cold to warm sheets,  
Gotcha feelin on these warm cheeks,  
You without me, hardly...

Chorus: (repeat)

Hey, ehh,  
Hey, ehh,  
Can you hear me,  
Hey, ehh,  
Hey, ehh,  
Ain't no other man stole my heart the way you do,  
Ain't no other girl livin' who'd love you like I could.

Ain't nobody else,  
So baby there ain't another love,  
Baby there ain't no other woman, who'd do you like I  
could do...
