[Spoken]

You know what I wonder sometime?
Like do you know how far we can go if you could only
believe in me
Yea imagine that

[Verse 1:]

Did you know that I meant what I said when I told you I
loved you loved you
And did you know I was really sincere when I couldn't
go creepin creepin around
And everything that I told you I be for you.
I could really be for you baby
Just give me give me give me a chance and

Let me show you (show you)
How I really feel (feel for you)
You are everything

[Chorus: x2]

Yeah
Oh- oh, yeah- yeah
Oh yeah

[Verse 2:]

So do you know I really wanna be here for you anytime
you call on me baby
And did you know we could be anything we want if you
(only could believe in us and)
Give me your love don't (no no don't)
Baby don't walk out just give me a chance

Let me show (show you)
How I really feel (feel for you)
You are everything

[Chorus: x2]

Yeah
Oh- oh, yeah- yeah
Oh yeah oh-oh

[Nas:]

Uh she says Nas show me the inside your benz
I'm jus tryna show you trust and the beauty of being
friends
They just wanna love u and leave ya cut it and sleaze
ya
Tell the world how they beat ya
I'm tryna show you something deeper
Movie night at the crib double feature
Turn off your phone you can moan
We in the love making marathon
You hit notes you never known
In the streets I need chrome and ammunition
But at home you just want me to listen
Check it
Your friends is hating cause they feel the dating
messing with you concentration
And it kills em that I'm your fascination
Picture life as my wife just think
Full length sable seven carats in your navel
Ballers inside the club tryna send you they best
But tattoo's on your chest spellin N-A-S
Tanning no bikini in the sands of Fiji
Miami in my Lamborghini KC believe me

[Keyshia Cole:]

That's why you got me saying
Come on baby
I know you hear me. I know you hear me

[Chorus:]

Oh- oh, yeah- yeah
Oh yeah

Yeah you know
All I needed you to do is believe in us
You know what I'm saying
But I guess that's the way love goes
