Every girl's got to go through it  
And every man's got to go through it  
It's a thing called love  
Listen to me now, listen to me

I still remember the day that you said you was a bad  
boy  
Man I should have listened when you said you was a  
bad boy  
You took control of me  
I thought you would change for me

Everything different now reminiscing ain't the same  
boy  
How I let you come and hurt me like this boy  
I am open now  
I want to get away but you are forcing me to stay

Love, I thought you had my back this time  
But man I am wrong this time  
It's a thing called  
(Thought you had my back)  
Love, I thought you had my back this time  
But man I am wrong this time  
It's a thing called love

I loved you for your ways but your ways hurt me bad  
boy  
Hurt me so bad why you want to see me sad boy  
I am tired of crying over you but I miss you so much  
I don't know what to do

Seems that I gotta move on live life with out you

But every time someone comes around to talk about  
you  
I get feelings inside again  
I wanna be right back by your side again

Love, I thought you had my back this time  
But man I am wrong this time  
It's a thing called

(Thought you had my back)  
Love, I thought you had my back this time  
But man I am wrong this time  
It's a thing called love

You got me yea  
You got me  
You got me yea  
And I don't know what to do

Yea, I thought you had my back  
I am so wrong, I am so wrong

[Incomprehensible]

Yea it's all good though  
Sometimes in life you know situations come your way  
You just gotta make good decisions man  
You know, you gotta know your focus in life  
(Love, I thought you had my back this time)  
And if love is your focus then man pay attention  
(But man I am wrong this time)

You got me yea

Love, I thought you had my back this time  
But man I am wrong this time  
(I am so stuck right here)
