I know you're scared, baby
But, you gotta give me everything, yeah

Let me be the one who can take you
From all the things you've seen
And if you trust in me
I can be there for anything you need

And give it all to me, baby
Don't you run from me, baby
I'll give you every little piece of me
No, I won't leave out a thing, 'cuz I

I know you've seen a lot of things in your life
It got you feeling like this can't be right
But, I won't hurt you, I'm down for you, baby

I know you've seen a lot of things in your life
It got you feeling like this can't be right
But, I won't hurt you, I'm down for you, baby

Let me show you, love can be easy
If you just let it be
Nothing is promised, but I believe if
If you give it everything, trust

I'll give you everything that I've got
I won't stop until you get it right
All the trust and all the love
You know we got a lot, baby

I know you've seen a lot of things in your life
It got you feeling like this can't be right
But, I won't hurt you, I'm down for you, baby
I know you've seen a lot of things in your life
It got you feeling like this can't be right
But, I won't hurt you, I'm down for you, baby

I trust you, baby

I trust you, I love you, I want you, I need you
Baby, I breathe you, never leave you

Life wouldn't be the same without you

I trust you and I love you and I want you and I need you
Baby, I breathe you, never leave you
Life wouldn't be the same without you

I know you've seen a lot of things in your life
It got you feeling like this can't be right
But, I won't hurt you, I'm down for you, baby

I know you've seen a lot of things in your life
It got you feeling like this can't be right
I won't hurt you, I'm down for you, baby

I know you've seen a lot of things in your life
I won't hurt you, baby no, in your life
I love you, baby oh
I don't care what you say about us, oh no, no, no, no,
no, no

In your life, I won't hurt you, baby no
In your life, I won't hurt you, baby no
In your life, I love you, baby yeah, oh
