

## Keyshia Cole "Where Would We"

Visit "[Where Would We](#)" on [MotoLyrics.com](http://MotoLyrics.com)

I been down before  
Many times before  
And then again  
Keep on, don't let nobody steal ya joy  
Oh no!  
I don't wanna be, I don't wanna be  
Just another woman from these streets  
I can't help the cards I'm dealt  
Oh no!  
But it's up to me to change my life  
And everything around me  
Constantly  
See I'm workin on me  
And I'm seeing myself  
Where I want me to be  
But nothing's gonna change  
Unless I start with me  
And I'm starting today

And I'm making a change  
And I ain't tryna say  
That I don't need love  
Cuz where would be without it?  
Oh where would

[Chorus:]  
We go? (Where would we go?)  
Where will we go? Go (C'mon) (Where will we go?)

I was runnin around tryna find myself  
Or either Frankie within the city's radius  
People would make fun  
But it made no difference to me  
Cuz love is love  
That's where life began to sink in  
Do what you gotta do, and you gotta do something  
I coulda took the easy way out  
I didn't really wanna take that route

On my way here,  
Ran into some things were no good for me  
Some ups and downs, smiles and trials

Things you got through to become who you are  
I didn't really find too many friends  
But the ones I had I cherish  
And out of those three, I can really say  
That one's til the end of time

And I know  
Life's so  
Life can be so  
Hard on ya soul  
But without love where will we go?

[Chorus:]  
We go? (Do you need it?)  
Where will we go? Go (Where will we go?)

Hey  
Do you need it?  
I need it  
Do you need love?  
Hey  
Gotta take some time out  
(We go?  
Where will we go? Go)  
I took a little time  
To get to know me  
(We go?  
Where will we go? Go)  
Can you dig it?  
Can you feel me?  
Well put your hands in the air  
One time
