Ayy ayy (ayy ayy) Wait a minute.

out this way.  
Theres the sky I've been seein hold on  
though.Everytime I close my eyes he's In my thoughts.  
We been goin through It for some time now It aint my  
fault noo. I'm just tryna be truthful to ya and let you  
noooo.

chorus

Everytime i try to leave something always tells me no.  
And just when I think its workin Itself out cant be so.  
Everything we worked so hard for should we let it go.  
Its no fair to leave without tryna work It out.

And there someone else you been seein I ain't a fool  
noo. And Its been goin on for some time now Its so  
obvious. That she been takin my place some of the time  
that you been gone yea. Why wont you just be truthful  
to me yea an let me noooooo.

chorus

Everytime I try to leave something always tells me no.  
And just when I think Its workin Itself out It cant be so.  
Everthing we worked so hard for should we let It go. Its  
no fair to leave without tryna work It out.

bridge

I no sometimes It can get rough. It means so much  
when It comes to us.I cant just walk away from the only  
thing I no. Tell me if you think Its worth workin out. Cuz  
I'll be right here If you have no doubt.

chorus

Everytime I try to leave something tells me no. And just  
when I think Its workin itself out it cant be so. Everything  
we worked so hard for should we let it go. Its no fair to  
leave without tryna work it out.
