Don't mind, rushing through traffic just to get
dinner ready in time
And I, don't mind, calling when I'm late just to
give you peace of mind
And I, don't mind, you staying out all night long
hanging with the guys
But I do mind, when you look me right dead in the eye
and you tell me lies

You see it pays to tell the truth and look at what you
had to lose
Should think before you do, did you not know the rules?
You see it pays to tell the truth, feel so sorry for you
You could have had it all, too bad you gotta fall
Now you leave now you live with zero
Nothing, now you leave with zero, nothing nada
Now you leave with zero
You see it pays to tell the truth but you didn't do it
Nothing, now you leave with zero, nothing nada
Now you leave with zero
Now you leave with zero
You see it pays to tell the truth

Oh why I tried, giving you chances just to get your act
right
And I, I tried, everything from praying to getting things
For getting out of line
Those tears I've cried, it hurts so deep inside
That almost drained me dry
But now, it's time, for you to man up cause I'm
taking back what's mine

You see it pays to tell the truth and look at what you
had to lose
Should think before you do, did you not know the rules?
You see it pays to tell the truth, feel so sorry for you
You could have had it all, too bad you gotta fall
Now you live, now you leave with zero
Nothing, now you leave with zero, nothing nada
Now you leave with zero
You see it pays to tell the truth but you didn't do it
Nothing, now you live with zero, nothing nada

Now you leave with zero
Now you leave with zero
You see it pays to tell the truth

I lie just to protect you, never to disrespect you
Cause what we have was so 38 special
And it was times that I heard niggas test you
But I ain't even ask, I was waiting to catch you
But you caught me and everything was on me
It was time to face the music, everything was on key
And them lies sounded good, didn't it
Now you sick of me, now I'm supposed to leave
with zero, is you kidding me?
One minus one equals none
And if you gonna leave then you might live with some
But you gonna think about me every time you see my
son
And I'm ma think about you every time I see the sun,
in the morning
It's gonna be times we get caught up in the
moment
But don't turn your back on your man you belong
with
Cause if you loose then I loose too
And if you cool then I'm cool too

Now you leave, now you live with zero
Nothing, now you leave with zero, nothing nada
Now you leave with zero
You see it pays to tell the truth but you didn't do it
Nothing, now you leave with zero, nothing nada
Now you leave with zero
Now you leave with zero
You see it pays to tell the truth.
