What if one day I turned to you and said,
"I'm not the man that you think I am?
" End a corner and you'll find me there,
it's Friday night and there's nowhere to go.
Will you abandon me for a fantasy,
so you can gratify your selfish needs?
If you come across some self-esteem.
you know I need it please give it to me.
Preconceived misery turns me into a mystery.
but I hold tight to what is true.
NOT YOU! Now it's the next day of the rest of my life.
Forget about What i told you last night Still in the
corner but I'm standing up,
soon enough I'll be ready to go so go abandon me for
a fantasy go gratify your selfish needs If you come
across some self respect you can keep it so you can
reflect.
