We're naked  
I hope everybody can see our skins  
We're naked  
Can you see the mind, the soul  
The body we're in ?  
Chorus 1  
There's a curious kind of subconscious  
Runnin free runnin free  
Inside of me  
With a curious speed  
It intervenes  
In color  
We're waiting  
For time to pass by and tell the truth  
We're waiting  
For the lies to filter down to the youth  
Chorus 2  
Cant they see  
Every time they discover  
The key to life is not in their hands  
I believe what they fear in color  
Aint nothin but a curious kind of  
subconscious  
I'm laughing  
When I see the first world  
Crying for the third  
They're dying  
And not even first world tears  
Can fade your color  
Not even first world tears  
Chorus 1  
Chorus 2  
Not even first world tears  
Can fade your color !
