"Hello Heavenly"

hello heavenly come along with me
i will show it all
show you how to be free in captivity
how to know it all

CHORUS:

will we
ever overcome?
Oh..id like to say yeah
and i think that we should pray
then we shall overcome
if we stay
together move as one
cuz today
the future is begun
if we say that we shall overcome

ill tell you what i see,the captured are the free
those who know it all
hell is heavenly the angels, guns, and me
groove inside a war
