'kpafuca' is the quality of your sense of 'kpafucality'
when you've been 'kpafu-colonised'

'kpafucality' is the principle of mind
when you've been 'kpafu-cologizing'
you can even take some kpafu-caine to
make it more 'kpafucacions'
you can even take some kpafu-caine to
make it more 'kpafucacions'

'kpafuca' or 'kpafuco' gives you total
'kpafucation'
'kpafuca' is your 'coun-ti-ree' and your
'con-ti-rees-elo-no-mee'
when you've been 'kpafu-organised'

'kpafucality'
it's so simple define it
just find a place (e.g. nigeria) and
'kpafucize' it
you can even take some kpafu-caine to
make it more 'kpafucacions'
or some kpafu-caiamine to make it more
'kpafucacious'

'kpafuca' or 'kpafuco' gives you total
'kpafucation'
'kpafucalistic' is the 'kpafucratic' people
of the world
and are you living in a kpafuca nation
for survival?
