I would like to think  
That I was there  
In the very beginning

Whitout me  
There wouldn't be  
No nigerians for you  
To know  
In the formless chaos  
I would be doing our bidding  
Extrapolating problems  
From the one and only zero

**CHORUS**

Oh ho  
Remember me  
I'm pimping the background of  
Sorrow  
Yeah that's me  
From a million miles of space  
Is where you'll find me  
Singing

Yoruba songs of navigation  
For you to sing and play  
And follow

All time I'll streche and bend

And mend for you at a single sitting  
I'll measure you up and down  
Just like a black vogue model

**CHORUS****BRIDGE**

The songs we sing today  
We'll pimp tomorrow  
We'll just smile and say  
We're pimps of sorrow

I'd like to think that you'll be there

With our space and time ending  
Without you, there wouldn't  
Be no Black Americans for me  
To know  
In the formless chaos  
You would be doing their bidding  
Manipulating data from  
The one and only machine

Chorus
