Oh just try not to fight
Oh just try to get along
You have to learn the hard way to never ever get in a
fight
Ohoooohohoh just strain your heart and not fight
Love can build a bridge
Don't you want to get along
Don't you not wanna fight
Oh you are in love
Oh you love eachother very much
If you do not learn the hard way
To never ever get in a fight
Ohoooohohoh just strain your heart and not fight
Love can build a bridge
Don't you want to get along
Don't you not wanna fight
Oh oh oh your gonna have to get along
I hope you agree with me
Because it's an important lesson
Love can build a bridge
That is true
Ohohoh that is an important lesson
That is so true
Because love can build a bridge
Oh yeah ohohoh yeah
That is so true
You have to listen to this lesson
If you wanna get along
Just listen to my important lesson
Love can build aaaahhh briiiiidge.
