i was... not worth knowing visible awful but not seen alone always forever - beauty opposite transparent hear me - listen - right here

i was...

kept walking awful unnoticed beauty opposite - alone island stay off wait... someone

sink alone not seen it was time - end it was time - end

i was...

visible awful but not seen

alone always forever - beauty opposite transparent see me - right here

i was...

kept walking awful unnoticed beauty opposite deserted - alone island stay off wait... someone wait

sink alone not seen it was time - end it was time - end

could have stopped it

Dead.
