Be your lady, I wanna be your lady, be your old lady

[Hook]

I wanna be your lady and have your baby
And be your partner and meet your mother
'Cause I'm that chick, and I'm that bitch
That you need on your side so you can run this shit
I wanna cook your dinner, and fold your clothes
And be your backbone, and that's fo' sho
That I'm that chick, and I'm that bitch
That you need on your side so we can run this shit

[Verse 1]

I wanna be your lady, and have your baby
And cook your dinner, and fold your clothes
Help you get that money, and spend that money
If it ain't about that cash it ain't about us honey
I wanna be your lover, and be your friend
Bust it open anytime and have you coming again
'Cause you that nigga, and I'm that bitch
So we need to get together so we can run this shit

[Hook]

[Verse 2]

I wanna be your lady, get money together
We hustle together, we down for whatever
I push your whip, you push my whip
We hit the mall, we hit the club, we poppin' bottles and
shit
And then we fuck in the car, we fuck in the house
I fix your breakfast butt-naked while you eating me out
'Cause you that nigga, and I'm that bitch
So we need to get together so we can run this shit

[Hook]

[Verse 3]

I wanna be your lady, I love my nigga
If you with me and I'm with you it's all about you nigga
'Cause I'm your lady, what you say goes

I gives a damn about them bitches or them slut-ass
hoes
'Cause hoes he got betta, yes I'm his betta
All over my nigga, we ridin' together
'Cause that's my nigga, and I'm his bitch
So we need to get together so we can run this shit

[Hook]

I wanna be your lady (I wanna be your lady)
Be your lady
I wanna be your lady, be your old lady
I wanna be your lady (I wanna be your lady 2x)
I wanna be your lady

[Hook]

I wanna be your lady, and have your baby
And cook your dinner, and fold your clothes
