The yearning for flesh  
Obsessed my brain  
Extermination my only aim  
Spilling blood  
Carnal lusts  
Screaming victims  
Grinded to dust  
Crushing the skulls of my enemies  
Slashing their throats and make them  
Bleed  
Abominations to mankind  
Pleasures to me  
Agony  
Unsilent screams  
Horrible dismemberment  
Twitching bodies  
Streamed with blood  
Shattered bones  
Left to rot  
Credulous  
My chosen ones  
All they are  
Condemned to die  
Ripping flesh in ecstasy  
Blood thirst  
It's a part of me  
Violence without boundaries  
Desecration  
Piece by piece  
Slaughter takes no end  
As my axe continues to hack  
Decomposing  
Mutilating  
Helpless victims  
Hung dead bleeding  
Perverse with the dead  
Feasting on their flesh  
Fulfilment  
Though murder
