Whatever, whatever bitch
Whatever, whenever hoe
When I see you I'm in yo shit
When I see you I'm poppin'
I dare you to fuck with me
You know I don't have it hoe
You know I will beat yo ass
and shame you like once before
You tired, you weak as hell
Could never keep up with me
You know you can't fuck with me
I'm the boss, but you under me
You best try to check yourself
Before you know it hoe
You know you don't want this shit

You know you don't walk and talk
You know you can't handle this
you know I will put you on
See now we got major problems
And I'm the bitch that assaults
I see you I'm poppin
You better regret it hoe
Whatever, whatever bitch
When I see you, you know its on
You know not to fuck with me
You know I don't have it hoe
You know I don't play that shit
I told yo ass once before
You know I'm a lioness
You know I don't see you hoe
Pull a ___ on yo ass
They goin to have to come get you hoe
Whatever, whatever bitch
Whatever, whenever hoe
When I see you I'm in yo shit
When I see you i'm poppin'
Whatever, whatever bitch
Whatever, whenever hoe
Whatever, whatever bitch
Whatever, whenever hoe
Whatever, whatever bitch
Whatever, whenever hoe
When I see you I'm in yo shit
When I see you, you know its on
I dare you to fuck with me
You know not to play me hoe
You hoes know I run this shit
You hoes know just hoe it goes
Whatever, whatever bitch
Whatever, whenever hoe
When I see you I'm in yo shit
When I see you I'm poppin
