The mistakes that I made in my life made me strong  
Made me right, never wrong, keeps me writing my  
songs  
'Cause I know, you my girl 'cause of you here comes  
me  
Out your wound, duplicate just like you makes me sick

Just in time, you my girl, you my angel, my world  
Shining down at my life, got my back, don't think twice  
When in need of your help if I'm wrong, got your belt  
But only you Uesirah had respect for your job

And your heart and your soul and your house and your  
goal  
To your friends and your kins even sick didn't quit  
What's the thanks that you get for the time that you  
spent  
Raising kids, paying bills, talking shit, paying rent

But I'm gon' shine for you girl, make you smile at me  
girl  
Smile so bright like the sun, for your girls and your son  
You my moms, I love you, I thank you for having me  
Even gone, you live on, live through me, make 'em see

You're my girl, when no one was there for me  
You're my girl, when nobody cared for me  
You're my girl, and no one can take that away from me  
You're my girl, and even though you're gone

You're my girl, through me you still live on  
You're my girl, you taught me how to be strong  
You're my girl

Calling up on the phone, just to talk, hear my voice  
Talk so much, just like me, I talk you all night, have no  
choice  
Telling jokes 'bout the kids, how they bad things we did  
When I was young, having fun, me and y'all pulling  
stun

Nigawauna having fights, cuss us out, hit the lights

Had it all, thanks to you, extra strong, thanks to you  
Take it all, thanks to you, standing tall, thanks to you  
Glad I was picked for you, you my girl and it's true

I was mad when you left, didn't get a chance to see you  
go  
Now you back, platinum strong, live through me make  
'em know  
I'm your girl, baby girl, and you did this for me  
You my girl favorite girl, live through me make 'em see

You're my girl, when no one was there for me  
You're my girl, when nobody cared for me  
You're my girl, and no one can take that away from me  
You're my girl, and even though you're gone

You're my girl, through me you still live on  
You're my girl, you taught me how to be strong  
You're my girl

Oh, don't you know I miss you  
I need you here with me  
To walk with me and to talk to me  
Oh yeah, all right

Now these words are for you, let you know I love you  
With all my heart and my soul through these words  
Let you know, lets them know, you my girl  
No matter what, I'm your child and through me they  
can see

You live on through my smile, through my kids, your  
grandkids  
Through my will and your hopes, if I go out bless them  
off  
Live through me, make 'em see, you my girl  
(Don't you know)  
You my girl

You're my girl, when no one was there for me  
You're my girl, when nobody cared for me  
You're my girl, and no one can take that away from me  
You're my girl, and even though you're gone

You're my girl, through me you still live on  
You're my girl, you taught me how to be strong  
You're my girl

You're my girl, when no one was there for me  
You're my girl, when nobody cared for me  
You're my girl, and no one can take that away from me

You're my girl, and even though you're gone

You're my girl, through me you still live on  
You're my girl, you taught me how to be strong  
You're my girl

You're my girl, when no one was there for me  
You're my girl, when nobody cared for me  
You're my girl, and no one can take that away from me  
You're my girl, and even though you're gone

You're my girl, through me you still live on  
You're my girl, you taught me how to be strong  
You're my girl
