Far too long I've awaited this rainy day.  
That can wash away the pain I feel?  
Among those memories I bury all my inner thoughts.  
And I'm safe from your world, too real.  
How can you be so cruel, blaming me like a fool, a thief  
in darkness?  
I know that this is the end, there's no need to release  
that force so shapeless.

My heart can be cold, that's what you have told, so  
many years ago.  
No reasons to stay, one reason to go, this is your  
game, my overdose.  
Christened by fire, feared by dawn, feel the end of our  
time, dark hues in our future.  
There's no space in this world for us both, don't know  
where I should go, but I send you away, in the cold.

Do you still think we could live in peace again?  
No past in our minds, no fears.  
I believe that we would make those same mistakes.  
And again blaming me, with tears.  
Finally I am free, are you blind, can't you see where this  
road begins?  
You know that this is the end, there's no need to return  
and live that life again.

My heart can be cold, that's what you have told, so  
many years ago.  
No reasons to stay, one reason to go, this is your  
game, my overdose.  
Christened by fire, feared by dawn, feel the end of our  
time, dark hues in our future.  
There's no space in this world for us both, don't know  
where I should go, but I send you away, in the cold.

Christened by fire, feared by dawn, feel the end of our  
time, dark hues in our future. (x2)

There's no space in this world for us both, don't know  
where I should go, but I send you away, in the cold.
