Warrior of ice:

As I look deep in the dark  
I can see great ice queen  
She's starts to tell me the story

Ice Queen:

I knew that someday you will come  
You're my one and only son  
I can prove it if you want

Before the coldness and the snow  
Town was possessed by evil force  
Who enslaved the people

He wanted town to his command  
And he killed those who resisted  
I made it conclude

So I froze him under our town  
Or he would forced all of us down

Here some times ago  
Our world was ruled by the mighty eagle  
Who tried to kill all the life in this place  
By using his fire and rage

But this time when you came here  
I lost the control of his "life"  
I must keep him deep ice

He is your father fire lord  
He won't die by any sword  
You must try to believe

The only way to keep the town alive  
Is coldness and winter all the time

Here some times ago  
Our world was ruled by the mighty eagle

Who tried to kill all the life in this place  
By using his fire and rage

Solo

The only way to keep the town alive  
Is coldness and winter all the time

There's Was the reason for you  
There's nothing else that you can do  
Here's Some times ago  
Our world was ruled by the mighty eagle  
Who tried to kill all the life in this place  
By using his fire and rage
