Another tale
Of man and faith
To explain our life
The simplest lie
That quiets our mind
To fade our doubts

Year by year
A truth revealed
Built up in fear
Blinds your soul

Love your place, pick a god to pray
Read the page, learn the creed of hate

Another fight
A brand new time
To please our pride
Our broken chains
To ease the pain
Of native shames

Year by year
A truth revealed
Built up in fear
Blinds your soul

Love your place, pick a god to pray

Read the page, listen to what they say
Live your day, honor thy guided fate
Die to pay, learn the creed of hate

And on and on a new faith is taught
And the man and the man walks alone
The boy grows up to become that son
That will never, never, never, never trust his thought

Another day,
Another way,
Glimmering lights
The wasted time

On golden mines
Behind our bars

Year by year
A truth revealed
Built up in fear
Blinds your soul

Love your place, pick a god to pray
Read the page, listen to what they say
Live your day, honor thy guided fate
Die to pay, learn the creed of hate
