Struggle is inside your mind  
The same voice keeps being around  
Revolution in your head  
The tic-tac that makes you mad

See, it's what they can't feel  
A world they can't live  
A life of deceptions  
Of what's become their needs

Never quiet in your life  
Thoughts go crazy in your brain  
Always trying a better way  
It's your scream from inside

See, it's what they can't feel  
A world they can't live  
A life of deceptions  
Of what's become their needs

Lights in the night  
Shine too bright  
To reveal the magic of an inspiration  
Too high

Birds of a feather flock together but you ain't that kind

A shapeless cloud you don't belong wasting your time  
Too many voices judge your life without a why  
The constant war to survive against who's blind  
See, it's what they can't feel  
A world they can't live  
A life of deceptions  
Of what's become their needs

Fighting this vanity fair  
You're uneasy on your chair  
Time takes its toll on you  
But you keep fighting for your truth

See, it's what they can't feel  
A world they can't live

A life of deceptions  
Of what's become their needs

Lights in the night  
Shine too bright  
To reveal the magic of an inspiration  
Too high
