Since the first day
YouÃfÃ¢â,¬Â™ re taught your own way
All self-defense and
Take what you can

Learn how to cheat and deceive
ÃfÃ¢â,¬Âœcause more is what you need

New ambitions to burn
New lessons to learn
The more you pretend
The further youÃfÃ¢â,¬Â™ ll end

Use, never lose a chance to fool
All around you
Craft your words to get success
Stab and donÃfÃ¢â,¬Â™ t look back

You just want for more, there is no cure
What you look for is pushed to you

Millions of people forged together
Live and die for the same illusion

With flashy models to feel better
Victims of delusions

Always stuck to constant tension
Compelled to follow all the fashions
Never moved by a true passion
Answers with no questions

Unwilling to take decisions
Points of lines with no dimensions
Spoiled kids of tainted visions
Siblings in their failures

More is what you look for
Desire with no choice, your choice
More is what you look for
Sound of useless noise, your noise

You just want more, there is no cure
What you look for is pushed to you
