Hey pretty baby
Thinking you're one-of-a-kind
Always trying to find a new prey to dominate
Swearing to be sensitive, fragile and laid back
Sure that playing your part will be useful once again
You gotta learn to stay away from me

I've never hated anyone so much
It's the same feeling all the time
A pure emotion from inside

Hey pretty baby
Strutting honing all your blades
Always quick to see who's got the best for
you
Living in your selfish pathetic self-esteem
Deaf to every comment that's not your
perfect truth
You gotta learn to stay away from me

I've never hated anyone so much
It's the same feeling all the time
A pure emotion from inside
Draws the confine down the line
That divides me from you

I take you, I use you, I leave you
A new notch on my belt for your love
Returning your favors with my laugh

I taste my pride

It's time to pay for your lies
For the ease you had with no right
Better listened to me when I said
You had to stay away

Hey pretty baby
Betting it will never end
Always the same story the wheel turns day by day
Losing all your powers as your beauty fades away
Another useless queen of a self-proclaimed reign

You gotta learn to stay away from me

IÃfÂçâ,¬Â™ ve never hated anyone so much
ItÃfÂçâ,¬Â™ s the same feeling all the time
A pure emotion from inside
Draws the confine down the line
That divides me from you

ItÃfÂçâ,¬Â™ s time to pay for your lies
For the ease you had with no right
Better listened to me when I said
You had to stay away
