So you love me... But you wanna leave me?
I-I-I'm sorry I guess I just I'm just not understanding this
concept dude.
They told me not to do this... TOO BAD!

So you wanna leave me hot & dry.
You think it's time to end this right.
Said we'd be together forever, so technically you lied.
Treat you like a queen and bought you everything that
you deserve.
I'm a full course meal other dudes is just H'orderves.
They ain't filling nothing up, you guess aint order bank
accounts

I be running my city so others only run they mouths
I loved you girl, you had my heart inside your hands,
though love.

You rubbed it up against that paper with the sand.

I just don't understand, I guess that diss was
something that was coming.

Super bad relationship, but you had all of my McLovin.
So you wanna dip, that's cool, another one can replace
you, the situation really sucks.

This what happens with no trust, this what happens with
no faith, this what happens when you take a girl like
you & a guy like me. You quick to be with me also quick
to wanna leave.

Now you're known as that dumb bitch girl who left Kle.

Hah!

I know I be, gone

I know I be, gone

I know I be, (flirtin with them girls)

I know I be, said I'd be right back, but take too long.

I know I be, saying I be thankful but I don't

I know I be, Making you them promises

Then breaking you're heart again

Telling you she wasn't, who she was

Then we argueing, but babyyyy (I love you)

I loved you girl, yeah I said yeah I meant it.

Don't wanna get a call next week saying you regret it.

Nope. You made your decision, I no longer have the

need deal with somebody who's just too damn hard to

please.

Your girls tried to get at me, direct message on the
Twitter.

Now that we done I'm getting texts from your older
sister.

"Do you wanna hang, she ain't know what she had. I
can treat you better, & she always been like that"

So tell me what am I to do cos I'm not looking out for
you anymore.

You're out the door panties dropping to the floor you
know I'm freaky to the core.

The love that we had was pure, you're pride doesn't
have a cure.

Now the liquor starts to pour, now the feelings comin
up. Now you calling all drunk saying how you miss me
& how you wanna kiss me.

Saying how much you cared saying we're the prefect
pair.

Now you calling for your girl

"Please hold my hair"

Yeaaaaaaaah. Should leave that liquor alone love, you
know you an easy drunk, right?

Tried to tell em
