Uh, yeah.

So confused, like, it's like man it's um, guess
I might as well put my feelings on the record like I
always do, right?

Yeah. Uh, yeah.

So much time has passed, I'm still thinking of her.
Feelings still embedded I couldn't love another.
Reminiscing in my sleep, memories are so deep.
Known for being cold-hearted cos I couldn't stand the
heat.

Yeah, & she took fireballs for me
it'd could kill me to see her end up with someone so
corny.

In this industry you put your trust in nobody,
so it wouldn't shock me if I know that somebody that
she's with right now.

Chorus:

I'm still here & I wanna know how you feel, (you feel)
cos I was so wrong baby, I was so wrong to you.

You needed something better at that point in time (in
time)

& you deserved it, you know that you deserved it. You
know you do.

I'm still, I'm still, I'm still in love[x2]

She would speak the truth & I would see it as criticism.
Started a fight with her not even caring bout her
feelings.

So used to dealin with them ghetto ass broads, I would
start barking.

& I didn't even know the cause.

Now I realize what I do that to her for?

The late affect it came back to me, to hurt more.

Damn it feels like I just need to keep it moving.

The war is over, but I'm still fighting the battle & I'm
losin.

REPEAT CHORUS

Writin bout the better days that we had.

Never my intentions to make you sad.
Knowing now I could make this thing just right.
20/20 vision so I could see it just right.
No replacements have even come close.
I'm at Disneyland gates holding red rose.
Wishing I could see you walk right towards me
But I'm thinking there'll never be a place for me, again
in your heart.

I'm still, I'm still, I'm still in love[x2]
I'm still here & I wanna know how you feel.
