I'm tryna beat it like a bongo
But first baby girl
Let me, let me see your tonsil

Tell me love,
Are you down to have fun?
Dr. khleo
I'll put this wood on your tongue

I'm a mouthful
Ask your girls cause they all know
Freaky little addict and
I'm the drug you feen for

Me?
I don't ever mind going down south
But first you gotta put this pipe in your mouth
Baby open wide
Limo to the garage

But first I'm tryna get me a car wash
Spit shine
If you feel where I'm coming from
Damn sexanology
That was another one!
