I met her at the club (I met her at the club)
And said what's up (What's up girl?)
Took her to the crib (Come on)
And you know I fucked (You already know what
happened)

Yeah, toot it and boot it
Toot it and boot it
Toot it and boot it
That's why I toot it and boot it

Wooooo (uh oh)
Wooooo (uh oh)
Wooooo (uh oh)
Wooooo yeah

Toot it boot it baby girl you know I keep it moving
I know I beat it up cause she said she feel it bruising
Like a owl eyes wide, hollerin and hootin
Sex competition, I don't ever plan on loosin.

Feel me?
Yeah, you can call me Kle
My reputation pussies
Biggest freak in the city

Yeah girl,
I eat
Long as it don't stink
Had your body wet like you just sprung a leak

So we can leave the club now
We can head to the house
And you can get that ass taken down
Hold up
Let me get this monster in my system fist
Kitty curious I'm about to put it in a hearse.
Get it?

Yeah, that's what I do
Eat it, beat it, skeeted then that's the end of you

Usually I'm not the one to run after I tap it
That's just the process for the ratchets

I met her at the club
And said what's up
I took her to the crib
And you know I fucked

Yeah toot it and boot it
Toot it and boot it
Toot it and boot it
That's why I toot it and boot it

Wooooo
Wooooo
Wooooo
Wooooo yeah

Imma keep my fitted on
You can take it all off
Lay on your back
And use my teeth to take off your draws

Education got a PHD in this
And a PHD stand for a pretty huge
So you can call me large
But can you keep your back like the St. Louis Arch

Headboard steady
So there's nowhere to run
Make your eyes roll back
Legs feeling numb

Yeah, that's the good sex
Hair, Imma pull it
My sex deadly hit you like a bullet
And have you braindead the next day
Guaranteed it'll be hard for you to operate

Thinking bout the things that we did all night long
Got you wishin you could hear my voice through your
phone
Damn, this should be a crime
Every time I come around shivers up your spine
Wussup

I met her at the club
And said what's up
I took her to the crib
And you know I fucked

Yeah toot it and boot it
Toot it and boot it
Toot it and boot it
That's why I toot it and boot it

Wooooo
Wooooo
Wooooo
Wooooo yeah
