I'm flying to you
But I'm falling for you
I don't know what you've been told
But you give me something more to live for
Let me know this is real your love for me is always here
I know it's been so long you stuck with me all along
And I just wanna say

I'm still in love with you
Dreams do come true
Now I'm coming home, coming home, coming home
To you

I close my eyes
Hoping to find
You standing there (2x)
Velvet sound of your voice
Feeling so much more
You turned my world upside down
You're the only thing I want to be around
So please stick around cuz...

I'm still in love with you
Dreams do come true
Now I'm coming home, coming home, coming home
To you

Take my hand
I'll keep you by my side
It's been so long
Don't worry now it's done
I'll show you this is real
My love for you will always be here cuz

I'm still in love with you
My dreams did come true
Now I'm coming home, coming home, Now I'm home
With you.
