[Ad-libs]

Yeah

On this one we gonna get a little crowd participation on
this one right here

Y'all just repeat it before right here

[Chorus: repeat 4X]

You already know, know, know, know

You already slow

[Verse 1]

Yeah, yeah, yeah, come on, come on

Privilege abuser

Land cruiser

Ten time loser

First offender

No surrender, down

Wherever we don't surrender no charity

Orchestrating me and a nigga off sales

Vinyl, satisfaction guaranteed

'Jo Goodie stampede on Balboa

You Apollo king

I may look like a rapper but I'm a known clapper

Cleaning out your stash

Slanging hot brass

In a class, all by myself

You slept, I stayed awake

Goodie niggaz have the spirit of a snake

Bro got it like chin check

D.F., here to stay

Like love and hate

I'm on your plate

Eating every crumb

Cause I don't have none

[Chorus]

[Verse 2]

Yeah, yeah, yeah, come on, come on

This Khujo "Gun Club" Goodie at your service

I specialize in whacking bosses and they surface

Ain't no rules or parameters

Professional, we pity the amateur

'Bout time I get some cunk, fifty might some slug
In my cross bugs
Ain't here to assassinate your character more like
erase ya
From paper
Whenever there's a problem with troublemakers
Certified hitman
Ain't no store pipe paid
Blacktalians
Rhinos
Don't waste your fare on anybody armor cause I'm a
bomb 'em
Yeah, yeah, you already know

[Chorus]

[Verse 3]

Yeah, yeah, yeah, come on, come on
Capital K H, U, J, O
One more for the G, double O
D-I-E, M, to the O
Check the stats that pulled your credentials
Pow!
Nobody now
Who's that peaking in my window?
Dirty South!
Boy, with a plate of this old-fashioned Soul Food all we
did was dis dude
Nigga, ain't nobody changing
This my Attic cause Twayne hooked up with Armstrong
this game in trouble
Yah! I'm the scoop that sat beside the double doors
and let in all the bros
It's you and I done forgot about the struggle
In the corner swinging like aluminum loaded slugs
Focused next on your jugular

[Chorus]

Yeah, yeah, yeah, come, come on
