Put your stunna frames on
Put your stunna, put your stunna, put your stunna
frames on
Put your stunna shades on, put your stunna shades on
I wear my stunnnglasses at night

Put your stunna frames on
Put your stunna, put your stunna, put your stunna
frames on
Put your stunna shades on, put your stunna shades on
I-I-I wear my stunnnglasses at night

Put your stunna frames on
Put your stunna, put your stunna, put your stunna
frames on
Put your stunna shades on, put your stunna shades on
I-I-I wear my stunnnglasses at night

Put your stunna frames on, so you can see what I'm
sayin'
I got that ice on my teeth, you can see what I'm sayin'
I'm sayin' Kinfolk, they call me Kinfolk Jones
I feel so fly up in my frames, I done came up with a
song

I got them D.G., Louis V, Armani and the Gucci Jones
Oh forgot the sticker on yo' lens? Naw, that's a Super
Stone
Kinfolk, Kinfolk, you know the Memphis boy's crazy
Respect my fresh and stop hatin'

Put your stunna frames on
Put your stunna, put your stunna, put your stunna
frames on
Put your stunna shades on, put your stunna shades on
I wear my stunnnglasses at night

Put your stunna frames on
Put your stunna, put your stunna, put your stunna
frames on
Put your stunna shades on, put your stunna shades on
I-I-I wear my stunnnglasses at night

Polo horses on my shirt, Chanel's on my face
Red Monkey's on my ass, on my feet Bathing Apes
Bathing Apes? Ay, y'all gon' respect my fresh
I'm a fly Memphis hustler, you shouldn't expect nuttin'
less

See my shirt, match my car, match my shoes, match
my lens
Damn Kinfolk, you done merked them folks again
Again when it come to clothes, mayne, I be killin' it
Trill talk, my frame game is ridiculous

Put your stunna frames on
Put your stunna, put your stunna, put your stunna
frames on
Put your stunna shades on, put your stunna shades on
I wear my stunnnglasses at night

Put your stunna frames on
Put your stunna, put your stunna, put your stunna
frames on
Put your stunna shades on, put your stunna shades on
I-I-I wear my stunnnglasses at night

Now do the motorcycle, do the motorcycle
Put your stunna shades on and do the motorcycle
And if you can't dance then do your two step
If you can't dance just do your two step

And do the motorcycle, do the motorcycle
Put your stunna frames on and do the motorcycle
And if you can't dance then do your two step
If you can't dance just do your two step

I'm gettin' money, I'm gettin' paid
When you see your boy, Frost I got them frames on my
face
'Cause my future so bright I got to wear shades
And my eyes fall red from the kush and the haze

I get buck with my shades on, fuck with my shades on
Walk like a pimp, grab my nuts with my shades on
Cartier, Valentino, even B&G's
When it come to stunna shades niggaz ain't seein' me

Put your stunna frames on
Put your stunna, put your stunna, put your stunna
frames on
Put your stunna shades on, put your stunna shades on
I wear my stunnnglasses at night

Put your stunna frames on
Put your stunna, put your stunna, put your stunna
frames on
Put your stunna shades on, put your stunna shades on
I-I-I wear my stunnnglasses at night

Now do the motorcycle, do the motorcycle
Put your stunna shades on and do the motorcycle
And if you can't dance then do your two step
If you can't dance just do your two step

And do the motorcycle, do the motorcycle
Put your stunna frames on and do the motorcycle
And if you can't dance then do your two step
If you can't dance just do your two step

Now do the Memphis walk, do the Memphis walk
Put your stunna shades on and do the Memphis walk
And if you can't dance then do your two step
If you can't dance then do your two step

And do the Memphis walk, do the Memphis walk
Put your stunna shades on and do the Memphis walk
And if you can't dance then do your two step
If you can't dance then do your two step
