i watched the world go by in silence
deep in the night in silence
time goin by so slow

I think about the morning
and it warms by heart
because tonight Im going back
to the one I love
and by tomorrow with the dawn
Ill be there and he'll be beside me

Sunlight oh sunlight
bring me the love I need to guide me
shine it deep inside of me
sunlight oh sunlight show me the way

I look at the stars and I pray for morning
counting the hours till morning
thinking about his smile his sweet smile

Im standing on the promise of a brand new day
I couldn't face another night
staying all alone
I know he needs me just as much as I need him
so baby i'm coming

Chorus

And when I hold him
I wont let him let me go no no no
no more running far and wide
Im gonna stay right by his side
he's my laughter my lover my life
hes my sunlight
oh sunlight oh sunlight
show me the way

Chorus

.....to a brighter day...ooohh
