Where are you its twilight,  
Where are you tonight?  
Somethin deep inside me,  
Follows you in the night.  
I cannot explain it,  
There is no fear in me.  
For I would rather perish  
Than live apart from thee.  
We know hate is strong,  
And the world is wrong,  
And the moon and the sun can't relate;  
But we carry on, this forbidden song,  
Because love is much stronger than hate.

New Moon, new life with you.  
Tell me what's wrong, what's right, what's true?  
The further you try to run away,  
The closer I'm drawn to you  
New day, new me, new moon.  
Come with me it's twilight,  
Run away with me.  
Dance me into midnight,  
Shine your love on me.  
Fatal and immortal,  
Fascinating, free.  
Take me on a Forks flight,  
High above the trees.

We know hate is strong,  
And the world is wrong,  
And the moon and the sun can't relate;  
But we carry on, this forbidden song,  
Because love is much stronger than hate.

New Moon, new destiny.  
Tell me, is this my tragedy?  
Eclipsed by your love,  
Blinded and confused, but closer I'm drawn to you  
New day, new birth, new moon.  
It's my tragic flaw, to be in your arms,  
Where the force is so strong I can't breath;  
I am Artemis, you're my nemesis,

You're the one thing my heart can't release.

New breath, new birth,  
New death, new earth,  
New day, new me, new moon.
