I need a job that's part time  
'Cos I'm having such a hard time  
I need a job that's part time

So now I'm like,  
Look hell, I need a job  
The recruitment girl she ask me what I'm thinking of,  
I said I don't know but it's got to be part time,  
For get start at nine and finish at half five

Here's the deal I took a year out of uni,  
Especially so I could work on my music,  
But at the same time I need some money,  
Studio time ain't cheap

So now I'm like,  
Look hell I need a job  
Full time pay cos this is all they got  
I could probably be a dentist or a psychologist but  
music is my dream I got to follow it

So Mr record boss wont you give me a shot  
So I can show you all this talent that I got  
So by now I just need some money  
So I got to get a part time job

I got to get a part time job  
But I really want to do this music  
But look at all these bills I got  
I need dow just to see me through this

I got to get a part time job  
But I really want to do this music  
But look at all these bills I got  
I need dow just to see me through this

I need a job that's part time

So now I'm like  
Look hell, I need a job  
I'm real bored I'm really losing my patience  
I hate sending out applications

I should get a job with these qualifications

Here's the deal eleven GCSEs  
Seven of them are A to C's  
Three A levels, two A's and a B  
So won't somebody give a job to me?

I'm like  
Look hell I need a job  
Because I'm living close to poor  
And I don't really wanna be broke no more  
I wonder if the record label got my call

Well I was like  
Mr record label boss wont you give me a shot  
So I can show you all this talent that I got  
So by now I just need some money,  
So I got to get a part time job

I got to get a part time job  
But I really want to do this music  
But look at all these bills I got  
I need dow just to see me through this

I got to get a part time job  
I really want to do this music  
And adio, I hate having to wear my shirt and tie

See I can't be the only one  
Who walks into the interview and thinks like "I don't  
wanna be here"  
Especially in my shirt and tie  
And I don't know no Know why I'm standing round like a  
pillock

Excuse me mate  
Come to my office and meet the rest of your training  
team  
I'm like bloody hell walked in there with a smile on my  
face  
Had to change up my little screw face  
Bear fake? goin on  
Bear silly handshakes  
Yemen here's adio, I'm karyn nice to meet ya,  
Yemen here's adio, I'm peter nice to meet ya,  
They just say the day was as fake as father christmas

Now I'm walking past everyone in the workplace  
Trying not to make eye contact with no one  
First days in the work place are long,  
It inspired me to write this song,

Cos I hate going to work,  
I aint gonna lie,  
I aint got a choice or I can't get by,  
Rules in the office they don't need to imply  
I hate having to wear my shirt and tie

I hate going to work,  
I aint gonna lie,  
I ain't got a choice or I can't get by  
Rules in the office they don't need to imply  
I hate having to wear my shirt and tie
