

Kid British "Reactions"

Visit "[Reactions](#)" on MotoLyrics.com

Your heart is something I never wanna break,
I hope that if we broke up,
You couldn't help but choke up.
And all the time's I say I'm gonna go,
All I'm trying to do,
Is to make you say you don't want me to.

It's complicated,
On the marital status,
I've said we've dated,
And it was way more serious.
The satisfaction,
From the reaction that I get,
That keeps me acting,
Keep's me acting now I know best,
You've often waited,
For me to come home,
To go on,
Where've you been and why for so long,
The satisfaction,
From the reaction that I get,
That keeps me acting,
Keep's me acting now I know best

Your heart is something I never wanna break,
But I hope that if we broke up,
You couldn't help but choke up,
And all the times I say I'm gonna go,
All I'm trying to do,
Is to make you say you don't want me to.
Is to make you say you don't want me to.

Please can we go out,
Is what you asked cos you thought that would be nice,
I invite the boys round,
I'm sorry babes I can't it's poker night,
The satisfaction,
From the reaction that I get,
That keeps me acting,
Keep's me acting now I know best.

And if by chance our roles reversed,

I'd have myself to blame,
I'd feel crushed inside,
But I'd do it all the same.
The satisfaction,
From the reaction that I get,
That keeps me acting,
Keep's me acting now I know best.

Your heart is something I never wanna break,
But I hope that if we broke up,
You couldn't help but choke up.
And all the times I say I'm gonna go,
All I'm trying to do,
Is to make you say you don't want me to.
Is to make you say you don't want me to.

And I love when you shout,
Cos it shows me you care,
And when I say I'm off out,
And you ask me where.
And I love when you shout,
Cos it shows me you care,
And when I say I'm off out,
And you ask me where.

Your heart is something I never wanna break,
But I hope that if we broke up,
You couldn't help but choke up.
And all the times I say I'm gonna go,
All I'm trying to do,
Is to make you say you don't want me to.
Is to make you say you don't want me to.
