We interrupt this program to bring you a special report

Use of ups trucks; and trying to sell crack  
To an undercover token clerk

Gets on the sixth, and gets off on the fifth

Then heads out the building with  
His little pocket knife in his hand  
Show em you're a man billy.. understand?  
A few people try to mug him, crack dealers love him  
Delivery boys think highly of him  
United parcel, very colossal.. uh!

Don't even care, if people stare  
He gets his package look around, then he's outta

No real money, one and a third  
But the brother's gonna get, as high as a bird  
Bell bottoms, yes the man invented the slacks  
Old fashioned turn them naked pointy shoes with spats
