I'm sitting here, trying to make my own decisions
Reading torn out newspaper horoscopes
Trying to draw inspiration
I'm calling up my friends
To ask them what I should do
I don't know why, but I feel so useless
Immune to learning the meaning of truth

Tonight is the first night of my life
Let's stay up until sunrise
Tonight is the first night of my life
Let's stay up until sunrise
And forget about the bad times

It would appear as though everything is fine.
I'm so caught up in the confusion
This rollercoaster life of mine
I'm calling up my dad
It's 3am, feel like lying
Please don't say I threw it all away
In this never ending story

Tonight is the first night of my life
Let's stay up until sunrise
Tonight is the first night of my life
Let's stay up until sunrise
And forget about the bad times

I'll make sense of today, tomorrow
I have a million questions left unanswered
I'll make sense of today, tomorrow
Once was floating high, but now I've landed
And I finally understand it
