It's an empty shell inside the house where we used to
live
Happy days were few and far between
And now his sorrow is ? I can't live without you if
I never get to see you I'll die
Now some things will never feel the same
But you can always hide tears if you're standing in the
rain
This house feels so empty, The smiles and the photos
on the wall faded away
Is my bedroom still the same? 'Cause I'll come home
one day
And we'll be happy
Say you Love Me, Can we make this picture perfect?
Cold of shadow falls upon ? Candles burning the one
beside it
And the feeling I should leave, She sang to the
answering machine
As another street sign told the story of the distance in
between
Now some things will never feel the same
But you can always hide tears if you're standing in the
rain
This house feels so empty, The smiles and the photos
on the wall faded away
Is my bedroom still the same? 'Cause I'll come home
one day
And we'll be happy
Do you remember the day you walked away? Don't say
you're sorry
Don't say that you Love me
This house feels so empty, The smiles and the photos
on the wall faded away
Is my bedroom still the same? 'Cause I'll come home
one day
And we'll be happy
Now some things will never feel the same
But you can always hide tears if you're standing in the
rain
