It feels like rain just ran down my face  
As you closed your eyes for the last time  
Why can't we travel back in time  
I wrote this song tonight for you  
So you'll hear it every day  
And know you're on my mind

I wanna hold you in my arms  
And watch you sleep until tomorrow  
Your silent sleep was pure beauty

I wish our lives were movies  
So I could hit stop, rewind  
Replay our favourite scenes  
And take out the bad dreams  
And repeat all the parts with you and me  
I could see you every day  
As we travel back in time

Someday I'll see you in heaven

I feel you're everywhere around me  
These dreams that keep me up all night  
They replay these memories over in my mind  
I wrote this song tonight for you  
I'd give anything, anything  
To see you one more time

I wanna hold you in my arms  
And watch you sleep until tomorrow  
Your silent sleep was pure beauty

I wish our lives were movies  
So I could hit stop, rewind  
Replay our favourite scenes  
And take out the bad dreams  
And repeat all the parts with you and me  
I could see you every day  
As we travel back in time

Someday I'll be with you in heaven  
Heaven

Now you're gone  
Your story lives on  
Life's a movie, life's a movie  
Now you're gone  
Your story lives on  
Life's a movie, my life's a movie
